Sectors & Industries

Schellenberg Wittmer's Business Aviation team has strong expertise in all legal, regulatory and tax aspects of the business aviation industry. It is recognized internationally for its commercial and proactive approach, and has the market experience and knowledge required for all types of transactional and regulatory matters related to business aviation.

Expertise

Our specialist team focuses on providing legal solutions to the key players in business aviation, and we are fully equipped to cover all issues and areas of the aviation industry.

Our business aviation lawyers have broad experience in virtually every segment of the industry and can draw on the broad legal resources within our firm, from regulatory specialists to tax lawyers, to address any legal concern unique to business aviation operations.

Our clients, including leading entrepreneurs, financial institutions and private and public companies, have acquired interests in a variety of corporate and executive aircraft. We also advise operators, brokers and insurance companies in all types of queries they may have in connection with their business aviation activities.

Our firm has assisted its clients with legal issues in the following areas:

- Cross-border acquisition of business aircraft from the manufacturer, dealer or owner, and subsequent sale
- Aircraft financing
- Establishment of international corporate structures for the ownership and operations of business aircraft
- Registration of aircraft and security interests in the relevant registries
- Aircraft management, operations, maintenance and support
- Aircraft interior completion projects
- Charter and lease transactions
- Tax and VAT advice (e.g. on operations, import and export, maintenance) and negotiations with the relevant tax authorities
- Aviation insurance
- Regulatory aspects of aviation activities in Switzerland
- Warranty and liability litigation
- Aircraft repossession

Deals and Cases
